NANUK

990

NANUK is a global leader in protective cases, trusted by defence and security professionals worldwide to safeguard mission-critical equipment in the most demanding environments.

Renowned for unparalleled durability, our indestructible cases protect weapons, equipment, and sensitive instruments from the rigors of combat. Crafted from crushproof NK-7 resin and certified for extreme impact and vibration resistance, each case meets stringent MIL-SPEC standards. Proudly Canadian-made and waterproof, NANUK ensures equipment reliability in any environment.

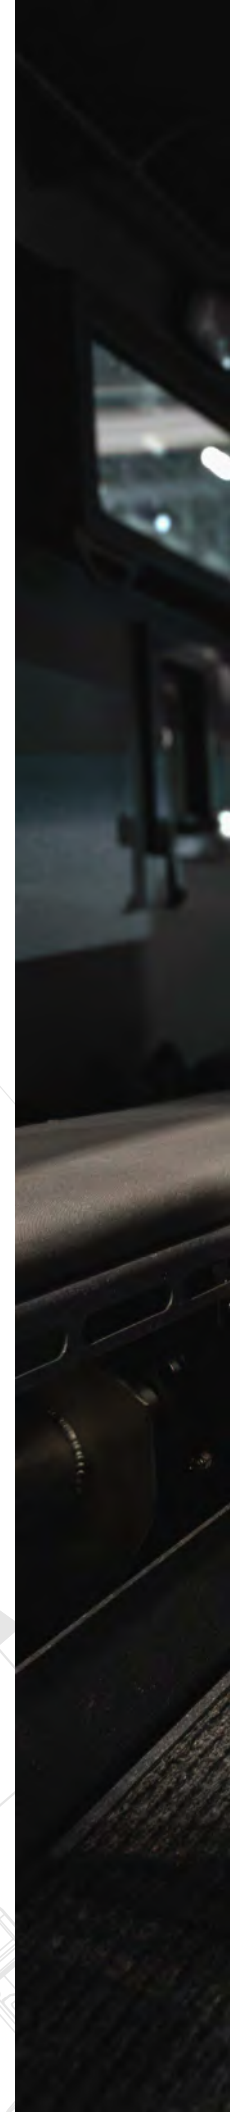

Committed to sustainability, NANUK offers the most eco-friendly protective cases in the industry—delivering the same trusted protection, durability, and functionality, while aligning with environmental policies and reducing carbon footprints by over 50%.

Trust NANUK to deliver unmatched performance and security for your most vital equipment.

WHY CHOOSE NANUK

NANUK Advantage

NANUK protective cases are the result of years of testing both in the lab and on the field and offer unrivaled protection in a variety of sizes, configurations and colors, with its patented PowerClaw latching system and NK-7 resin outer shell, NANUK is built for nature's most unforgiving conditions.

Rugged, waterproof and guaranteed for life, all NANUK cases are designed to withstand the smallest tumbles to the biggest shocks and everything in between. When it needs to get there in one piece, it needs to go in a NANUK.

- Major international defense certifications
- Allow for bids on the most important government and industrial tenders

STANDARDS	 <p>Mil-STD 810H U.S. Department of Defense Test Method Standard MIL-C-41501 on selected models</p>
	 <p>STANAG 4280/3 Packaging validation standards approved by the North Atlantic Treaty Organization (NATO)</p>
	 <p>DEF-STAN 81-41 Assesses environmental and physical hazards expected in a defense package life cycle.</p>
	<p>IP67 International Electrotechnical Commission (IEC), IP ratings indicate protection against the entrance of solid or liquid particles</p>

Note: Any additional certification requirements can be addressed by NANUK through testing performed in a timely manner by an independent certified laboratory

A close-up photograph of two soldiers in camouflage uniforms. They are both holding a thick, black metal bar with their hands, positioned horizontally across the frame. The soldier on the left is wearing a green and brown camouflage pattern, while the soldier on the right is wearing a similar pattern. The background is blurred, showing what appears to be a paved area and some foliage. The lighting is warm, suggesting a sunset or sunrise setting.

**Together, Let's Reduce
our Carbon Footprint,
One Case at a Time.**

Eco-Friendly Innovation

THE FUTURE IS HERE

At NANUK, we believe that performance and sustainability go hand in hand. That's why our protective cases are now designed with eco-conscious materials—reducing reliance on virgin resins and helping divert waste from landfills.

Without compromising on the **durability**, **functionality**, or **protection** we're known for, NANUK cases are now a more sustainable choice—reducing carbon footprints by over 50%.

Our commitment to protection remains uncompromised. Each case undergoes rigorous quality control to ensure it meets the highest standards of performance and reliability.

By choosing NANUK, you're not only protecting your valuable equipment—you're also taking a step toward a more sustainable future.

Join us in making a difference—protect your equipment, protect the planet.

In addition to the fact that NANUK cases are designed for long-term use and recyclability, the shell of the black cases is made from a minimum of 95% eco-friendly resin.

CUSTOMIZATION

NANUK cases are designed to be easily customizable to meet every user's unique requirements. Choose from customized foam interiors, printing, integrated panels and cases color matching to create the perfect carrying solution tailored to the specific needs of your project.

CASE PRINTING

- Affordable way to brand your case
- Display your logo or company message
- High quality process ensures long-term durability
- Print up to 2 colors

FOAM INTERIORS

- Fully customizable interior protection
- Protect expensive and delicate equipment
- Different foam types and densities available

CUSTOMIZATION INTEGRATED PANELS

- Efficient OEM housing solution
- Integrated panel mounts for easy installation of electronics and monitors
- Ideal solution for creating portable field kits

A person wearing a light blue uniform with a patch on the sleeve is organizing various pieces of equipment inside a black foam-lined case. The equipment includes a handheld device, a bundle of white cables, and other electronic components. The case is open, and the person's hands are visible as they arrange the items. The background shows green grass.

Organize multiple parts into one mobile kit.

Contact us for custom projects.

Accessories

10 OPTIONS

*Not available in all case sizes.

NANUK offers up to 10 accessories, allowing users to customize, enhance, and adapt their setup as their needs evolve. From shoulder straps and lid organizers to TSA-approved padlocks and Molle System, these accessories provide added

convenience, security, and functionality. Whether upgrading for better organization or adapting to new equipment, NANUK's wide range of accessories ensures a flexible and personalized storage solution for any shooting environment.

CUBED FOAM

Made of high quality polyurethane foam, the multilayered set of customizable inserts includes a prescored removable layer. This layer consists of foam to accommodate the contents of the case. This solution is ideal if you are seeking a quick and easy way to protect and organize your items.

LID ORGANIZER

The NANUK Lid Organizer is the ideal organization and convenience accessory to add to your case. The molded interior is designed to help keep your hardware, power cords and accessories entirely organized and in-view. The lid organizer includes a set of mounting screws for easy, stress-free installation. Features include many zippered and anti-tear compartments of various sizes for lots of equipment storage.

Lid organizer available for selected models. Please refer to the features table of the specific model.

MESH LID ORGANIZER

The Mesh Lid Organizer is a practical and durable storage solution designed to maximize the space inside your NANUK case. Featuring multiple zippered compartments made from high-quality mesh, it enhances efficiency and keeps your accessories neatly arranged for any adventure or professional setup.

Mesh Lid Organizer available for selected models.

MOLLE SYSTEM

The NANUK MOLLE System is a versatile, modular storage solution for professionals who need easy access to their equipment in dynamic environments. With this system, you can attach a variety of accessories, making it perfect for any outdoor environment.

Fits 935 and 962 only

ID WINDOW

Measuring 4" x 6", the polycarbonate identification plate allows you to identify the contents of the case, the shipping address or any other important information. Equipped with two hooks, the plate is compatible with NANUK models 962, 975, 976 and 988. It can only be added or removed with the case open.

AIRTAG HOLDER

The NANUK AirTag™ Holder is designed to securely hold an Apple AirTag (not included) in four different ways, offering versatile attachment options. This ultra-durable holder allows you to attach it to a wide range of items, such as Nanuk protective cases, backpacks, luggage, drones, cameras, keys, electronics, bikes, athletic equipment, or anything else you want to track. You can use it in the following ways: without a mount, with the mount using hook-and-loop adhesive, permanently mounted with 3M™ double-sided tape, or simply with the lanyard.

DESICCANT CONTAINERS

NANUK Reusable Desiccating Containers protect items from deterioration, rust, corrosion, mold, mildew, and other moisture-related damage. Simply place the Desiccating Container with the item in a sealed moisture-resistant container such as a Nanuk case. It will quickly remove moisture and maintain dryness to prevent damage, absorbing up to 34% of its weight in water vapor.

SHOULDER STRAP

Our neoprene shoulder strap incorporates Aircell™ comfort technology to reduce fatigue when transporting your case. The shoulder strap can easily be attached to most NANUK™ cases without any additional hardware.

Shoulder strap available for selected models. Please refer to the features table of the specific model.

TSA POWERCLAW LATCH RETROFIT KIT

We found a way to make our patented PowerClaw latches even better! They are now available with an integrated TSA accepted key lock. The easy to install retrofit kit can be installed on many NANUK cases and adds another layer of security to your case. Each lock has a special code TSA001 to TSA003, which is used by the TSA, CATSA and other security agencies to know which secure tool to use to open the lock. TSA accepted latches are the perfect accessory for storing, securing and protecting valuable items at home, on the job site and in your vehicle.

TSA PADLOCK

TSA padlocks offer the security of a padlock but can easily be opened and inspected by airport security and then locked again. A visual indicator lets you know when the lock has been opened with a TSA key.

Nanuk 935

A close-up photograph of a vehicle's front wheel and suspension. The wheel features a multi-spoke alloy rim and a thick, treaded tire. The suspension components, including the lower control arm and steering knuckle, are visible. The vehicle is parked on a paved surface, and the background is slightly blurred, showing a building and some foliage.
