WHY CHOOSE NANUK

NANUK Advantage

NANUK protective cases are the result of years of testing both in the lab and on the field and offer unrivaled protection in a variety of sizes, configurations and colors, with its patented PowerClaw latching system and NK-7 resin outer shell, NANUK is built for nature's most unforgiving conditions.

Rugged, waterproof and guaranteed for life, all NANUK cases are designed to withstand the smallest tumbles to the biggest shocks and everything in between. When it needs to get there in one piece, it needs to go in a NANUK.

Eco-Friendly Collection

THE FUTURE IS HERE

At NANUK, we're thrilled to introduce our latest innovation: the **NANUK-R Collection**—the only **eco-friendly, high-end protective cases that reduce carbon footprints by over 50%**. We believe quality and sustainability go hand in hand. While maintaining the same durability and functionality, our NANUK-R cases use eco-friendly materials, reducing reliance on virgin resins and diverting waste from landfills.

Our commitment to protection remains unwavering—each case undergoes rigorous quality control to ensure top-tier performance. By choosing eco-friendly NANUK cases, you support sustainability and the circular economy.

Together, we can make a difference.
Join us in protecting both your gear and the planet.

In addition to the fact that NANUK-R cases are designed for long-term use and recyclability, the shell of the NANUK-R Collection is made from a minimum of 95% post-consumer eco-friendly resin.

Accessories

10 OPTIONS

*Not available in all case sizes.

NANUK offers up to 10 accessories, allowing users to customize, enhance, and adapt their setup as their needs evolve. From shoulder straps and lid organizers to TSA-approved padlocks and Molle System, these accessories provide added

convenience, security, and functionality. Whether upgrading for better organization or adapting to new gear, NANUK's wide range of accessories ensures a outdoor and personalized storage solution for any shooting environment.

CUBED FOAM

Made of high quality polyurethane foam, the multilayered set of customizable inserts includes a prescored removable layer. This layer consists of foam to accommodate the contents of the case. This solution is ideal if you are seeking a quick and easy way to protect and organize your items.

FOAM INSERTS

Your gears, assets and accessories get the maximum level of protection with a custom-made protective foam to go in a NANUK case. The special designed closedcell high-quality foam insert is pre-cut to fit the assets and accessories and to provide the highest level of protection, while keeping your most valuables safe, sorted and organized.

MESH LID

The Mesh Lid Organizer is a practical and durable storage solution designed to maximize the space inside your NANUK case. Featuring multiple zippered compartments made from high-quality mesh, it enhances efficiency and keeps your accessories neatly arranged for any adventure or professional setup.

Fits 935 and 962 only

MOLLE SYSTEM

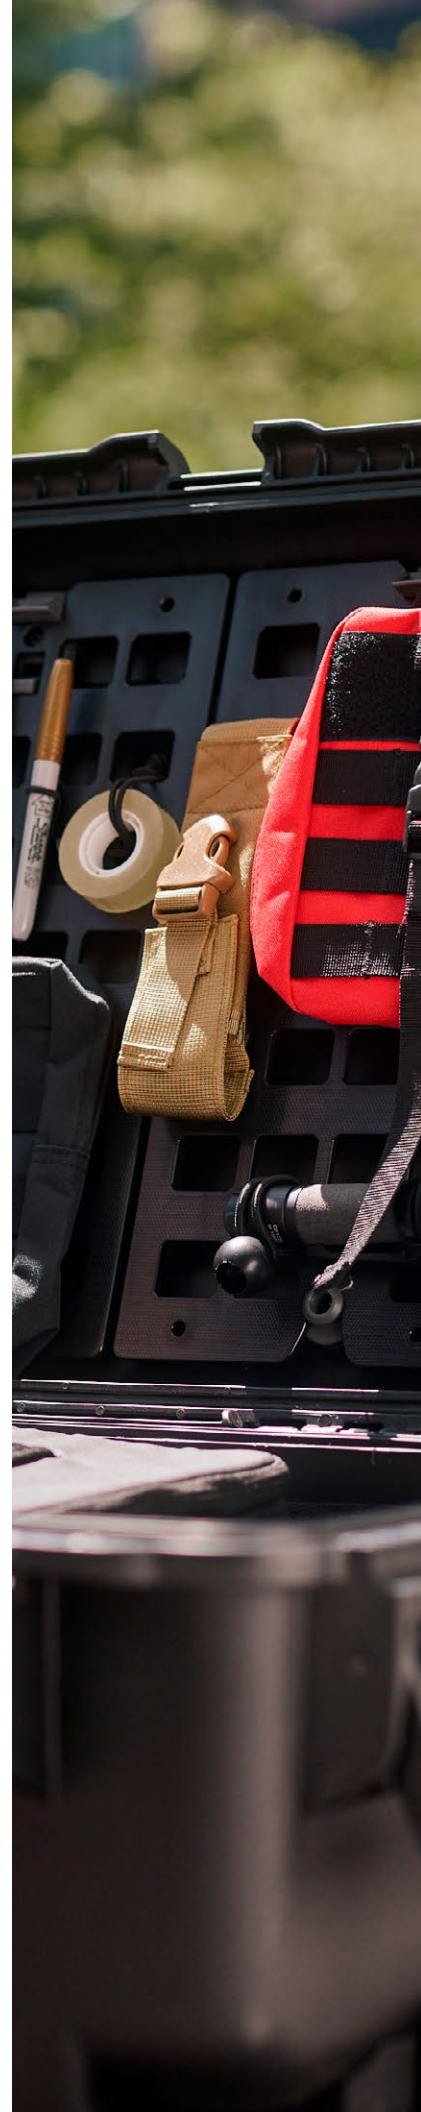

The NANUK MOLLE System is a versatile, modular storage solution for photographers who need easy access to their gear in dynamic environments. With this system, you can attach a variety of accessories, making it perfect for on-the-go shoots, outdoor photography, or travel.

Fits 935 and 962 only

ID WINDOW

Measuring 4" x 6", the polycarbonate identification plate allows you to identify the contents of the case, the shipping address or any other important information. Equipped with two hooks, the plate is compatible with NANUK models 962, 975, 978 and 988. It can only be added or removed with the case open.

AIRTAG HOLDER

The NANUK AirTag™ Holder is designed to securely hold an Apple AirTag (not included) in four different ways, offering versatile attachment options. This ultra-durable holder allows you to attach it to a wide range of items, such as Nanuk protective cases, backpacks, luggage, drones, cameras, keys, electronics, bikes, athletic equipment, or anything else you want to track. You can use it in the following ways: without a mount, with the mount using hook-and-loop adhesive, permanently mounted with 3M™ double-sided tape, or simply with the lanyard.

DESICCANT CONTAINERS

NANUK Reusable Desiccating Containers protect all types of items from deterioration, rust, corrosion, mold, mildew, and other damages caused by moisture or high humidity. Simply place a Desiccating Container together with the item that is to be protected in a tightly closed or sealed moisture resistant container. Desiccating Container will rapidly and actively remove moisture and maintain dryness of the surrounding air to protect against moisture damage. It will absorb up to 34% of its own weight in water vapor.

SHOULDER STRAP

Our neoprene shoulder strap incorporates Aircell™ comfort technology to reduce fatigue when transporting your case. The shoulder strap can easily be attached to most NANUK™ cases without any additional hardware.

Shoulder strap available for selected models. Please refer to the features table of the specific model.

TSA POWERCLAW LATCH RETROFIT KIT

We found a way to make our patented PowerClaw latches even better! They are now available with an integrated TSA accepted key lock. The easy to install retrofit kit can be installed on many* NANUK cases and adds another layer of security to your case. Each lock has a special code TSA001 to TSA003, which is used by the TSA, CATSA and other security agencies to know which secure tool to use to open the lock. TSA accepted latches are the perfect accessory for storing, securing and protecting valuable items at home, on the job site and in your vehicle.

TSA PADLOCK

TSA padlocks offer the security of a padlock but can easily be opened and inspected by airport security and then locked again. A visual indicator lets you know when the case has been opened with a TSA key.

NEW

Take it outside.

This is how you fight
the elements.
And win.
